

My Account Assistant

Get reimbursed *faster* with **Direct Deposit.**

Sign up and have reimbursement funds deposited directly into your checking or savings account.

How it works

When you authorize Direct Deposit, our system securely connects to your financial institution and electronically transfers your reimbursement funds to your checking or savings account. You'll receive your funds faster since we don't physically print a check and mail it to you using U.S. Mail.

You will receive a direct deposit notification email each time a payment is transferred. Your claim and payment summaries are available through your account online.

Sign up online.
